

## Accessing Your Kindergarten Google Classroom

1. Use your chrome browser. You will go to <https://classroom.google.com/>
2. You will come to this screen

The screenshot shows the Google sign-in interface. At the top is the Google logo, followed by the text "Sign in" and "Use your Google Account". Below this is a text input field labeled "Email or phone" containing the text "student id@fcpsschools.net". A red arrow points to the input field, and a red box highlights the email address. Below the input field are links for "Forgot email?", "Not your computer? Use Guest mode to sign in privately.", and "Learn more". At the bottom left is a link for "Create account", and at the bottom right is a blue "Next" button.

The email you will enter is:

Your child's student id # **@fcpsschools.net**

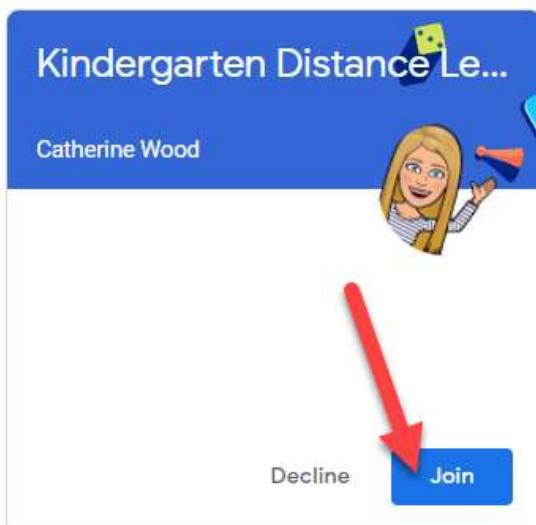

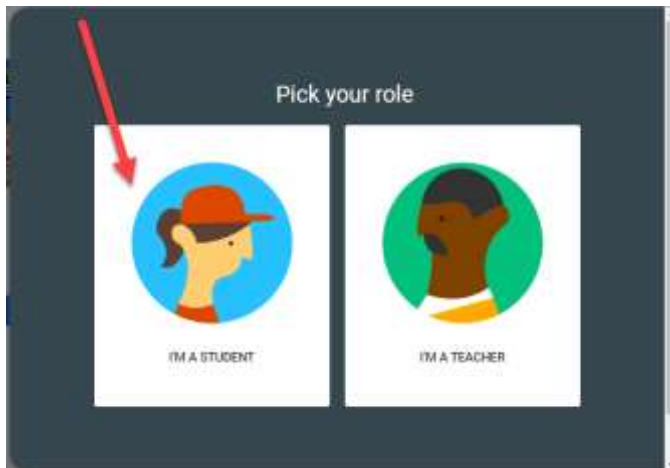

Then click next.

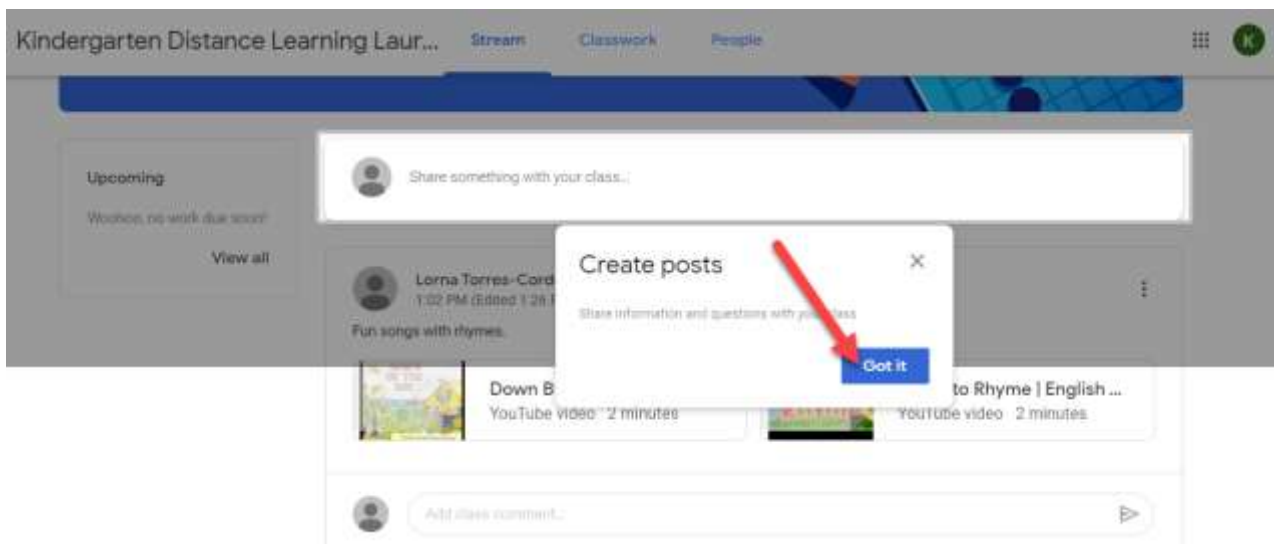

3. You will then be taken to the password page to enter your child's password (same as their MyOn and Blackboard password).

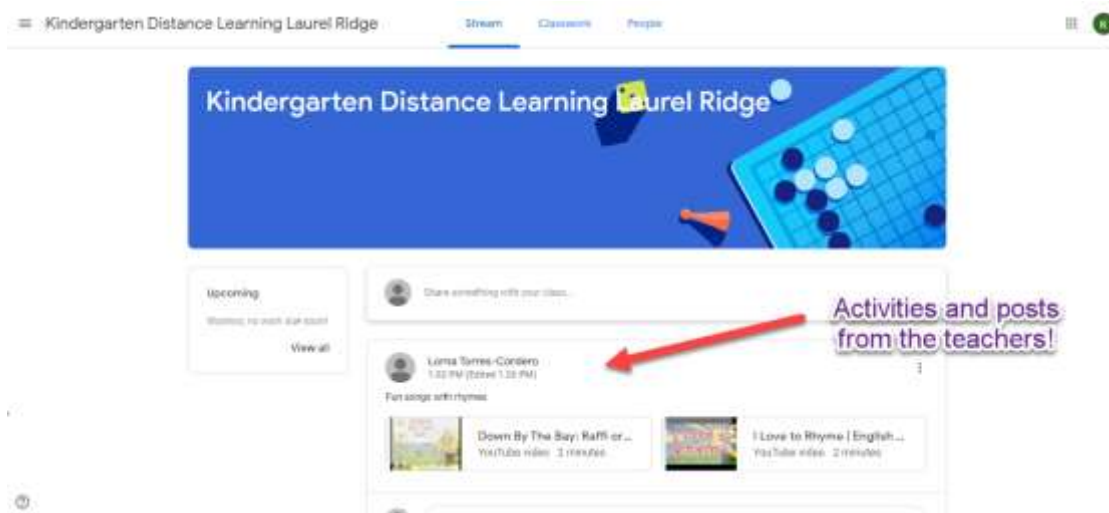

The image shows a Google login interface. At the top is the Google logo. Below it is the word "Welcome". Underneath is a rounded rectangle containing a person icon and the email address "@fcpschools.net" with a dropdown arrow. Below that is a large text input field with the placeholder text "Enter your password" and a visibility icon (an eye) on the right side. A red arrow points from the top left towards the password field. Below the input field is the text "Forgot password?". To the right of this text is a blue button with the word "Next" in white. A red arrow points from the bottom right towards the "Next" button.

4. The first time you log on, you might see these screens. Follow the red arrows shown below in each picture to navigate. (You will only have to do these the very first time you log in.)

5. Now you can access your google classroom!

Once you do the above set up once, you will only need to go to <https://classroom.google.com/> and log in. You will then see the kindergarten google classroom; you will click it and be in immediately.

You can also choose to favorite the classroom on your chrome tab for convenience.
